

5A SIC BOYS BASKETBALL

**2007-2008
SEASON SUMMARY
(AND 25 YEARS OF HISTORY)**

February 18, 2008

I would like to thank the 5A Southern Idaho Conference Boys Basketball teams for another year of exciting competition. This season, defense was the name of the game. Unlike last year when the century mark was reached six times, this season the winning team scored 80 or more points only nine times (93 being the highest). Eighteen games saw at least one of the two teams scoring in the 30's.

Even though the scores were lower, the excitement was not lost. Of the 90 Conference games played, 47 were decided by ten points or less, 24 by five points or less, and 13 by three points or less. The 33-32 victory was just as thrilling as the 59-58 victory.

There were many outstanding teams and individual accomplishments this season. You will find some new names scattered throughout the all-time SIC records and the 25-year top tens. Be sure to look them over.

The system of using emails was very successful. I was able to get your game stats much sooner, and, in turn, get the weekly reports out to you as soon as I completed them. It took a couple of weeks to get the hang of it, but when everyone did, things went like clockwork. As always, the stats were sent to the *Idaho Statesman* and the *Idaho Press Tribune*. I received an email from the Sports person at the *Tribune* thanking the league for the stats and the timely manner in which he received them.

I would like to thank Bill Bogan for his fine website, Idahoops.com. He has done a marvelous job of making the SIC stats available to anyone who would like to see them. The site looks great, is easy to navigate, and provides many ways to customize the viewing of the stats. If a parent, a college scout, or a friend wants to see a players stats, all they need is the web address. Thanks again, Bill, for the needed exposure you have given the league.

As always, I would like to thank all of the 5A SIC coaches for getting their team stats to me in such a timely manner. Without your cooperation, a meaningful Weekly Report would not be possible. Thank your players for making this another very enjoyable season. Without them, there would be no league.

Best of luck to those teams that are continuing on to the State Tournament. And may all of you have a super 2008-2009 season!

Steve Schroeder
5A SIC Boys Basketball Statistician

2008-09	???	???	?????

TWENTY-FIVE YEARS OF CONFERENCE HISTORY

The original SIC included Boise, Caldwell, Idaho Falls, Nampa, Twin Falls, and Pocatello. It grew to include Borah, Highland, and Skyline. Eventually the eastern schools left the league to form their own. Evidence of their membership still exists in the **All-Time League Records**.

ORIGINAL MEMBERS IN 1983 – **Boise, Borah, Caldwell, Capital, Meridian, Mountain Home, and Nampa**

1987 – **Centennial** joined raising the team total to 8.

1993 – **Mountain Home** left lowering the team total back to 7.

1995 – **Eagle** and **Mountain Home** joined raising the team total to 9.

1997 – **Skyview** joined raising the team total to 10.

1998 – **MAJOR CHANGE** – **Timberline, Emmett, and Vallivue** joined, raising the team total to 13. To accommodate, the league was divided into a **Metro Division** which included **Boise, Borah, Capital, Centennial, Eagle, Meridian, and Timberline** and a **Valley Division** which included **Caldwell, Emmett, Mountain Home, Nampa, Skyview, and Vallivue**. Each division would play teams in its own division on a home-and-home basis, and each team in the other division once. Each division had its own **Sub-District** tournament which then sent the top four teams to the **District** tournament. This format lasted two years.

2000 – **MAJOR CHANGE** – The **Valley Division** teams left the league leaving only the **Metro** teams and the league was back to a team total of 7 again.

2002 – **Skyview** and **Nampa** rejoined the league raising the team total back to 9.

2003 – **MAJOR CHANGE** – **Mountain View** joined raising the team total to 10. The league was divided into two **Pods, A and B. Pod A** included **Boise, Capital, Eagle, Meridian, and Nampa. Pod B** included **Borah, Centennial, Mountain View, Skyview, and Timberline**. As with the Division system of 1998, a team would play each team in its own Pod on a home-and-home basis and the teams in the other Pod only once.

2004 – **MAJOR CHANGE** – The Pod system lasted only one year. **Nampa** and **Skyview** left leaving only the 8 Boise and Meridian teams. The league returned to a single Division league.

2006 – **Caldwell** and **Vallivue** joined the league raising the number of teams to 10.

2007 – **Rocky Mountain** will be joining the league next year raising the team total to 11. There are no plans to split the league at the present time. But that can always change.
